EASY CLAMP TOGETHER DUCT

America's premier clamp-together duct system just got better!

NEW LASER WELDED SEAM Q-F puts the squeeze on costly conventional duct installation.

Q-F is a snap! No complicated cutting, no riveting, no braising or welding are required. One Q-F clamp connects sections together in seconds. Branches, diverters, elbows - all adapt easily to your existing duct and may be taken apart and re-used or cleaned without special tools.

Q-F is easy to install, easy to align, and it's strong!

Q-F clamps are so easy to install, they *almost* install themselves. Simply place the clamp over the Q-F rolled lip ends and snap! The extraordinary strength of Q-F's specially machined double rolled lips provides a solid, straight run. The patented Q-F clamp connects the rolled ends. Snap the Q-F clamp and you have the strongest, safest, most re-usable dust-extraction piping available today. No special instructions or skills are needed to assemble a Q-F system. Install new lines, clean out lines or make changes to existing duct runs *anytime* you need to with Q-F.

Q-F adapts to your every need; connect to the old or bring in the new.

Q-F has everything you need in galvanized or stainless steel parts:

- * **LASER WELDED** pipe in diameters from 4" to 22"
- * Branch fittings in all sizes and shapes
- * Elbows 30°, 45°, 60°, 90°
- * Larger custom sizes and special adapters
- * Blast Gates, Diverter Valves, Hoods, Manifolds.

Q-F adjusts to fit - without complicated measurements.

Planning to add, remove, or replace dust-extraction piping? Q-F's adjustable fittings slide together to create the precise length. No need for time wasted on exact measuring and precision cuts. Simply slide on and fit to your desired length, a few inches or a few feet. Need a different length for a new run? Just re-use your Q-F components and re-fit, again reducing your cutting and fabricating time.

Q-F saves you time and money. No other company in America delivers like Q-F.

Just how much money can you save using Q-F? Call us! You will be pleased with the savings and all the built-in advantages you get with Q-F.

Whether you need just a few parts, or help with a complete system, Q-F has 4 to 5 day lead time.
